REACH Statement of Compliance

Dynamment Ltd meets the requirements as a Downstream User under the European Union Directive 1907/2006 on the Registration Evaluation Authorisation and Restriction of Chemicals (REACH).

Based on the information provided by our suppliers, Dynamment Ltd designates our products as REACH compliant for orders based on or after the date of the regulation (1st June 2007)

As part of our ongoing compliance commitment, we have completed a process to identify which, if any, substances of very high concern (SVHCs), meeting the criteria set out in Article 57 of REACH and included on the REACH "Candidate List", are contained within the product we supply to you and in what concentrations.

We are also monitoring the ongoing amendments to Annex XVII of REACH, which has introduced restrictions for specific applications. We will continue to monitor the status of the candidate list as part of our on-going compliance activities, including the possible need under Article 33 of REACH to inform product recipients and consumers if an article contains more than 0.1% by weight per article of any substance that is added to the SVHC candidate list in the future.

This Statement of Compliance is periodically updated and maintained on our website at www.Dynamment.com
